ASHLEY DUO AIR™

PENT-UP POWER

Part of the Powered by Pent Collection, the Ashley Duo Air combines steadfast power — available at the slightest touch — with hideaway capability to make the most of your workspaces and furniture.

Each USB port utilizes a Smart Device Recognition Chip to monitor and independently deliver the required amperage to your devices — up to 2.1 amps each — and charge them in half the time it takes with similar products on the market.

Ashley Duo Air is UL 1310 recognized, Class 2, FCC Part 15A approved, as well as, meets UL spill requirements and USB.org Battery Charging 1.2 specifications.

CLEVER AND QUIET CONFIDENCE

The intelligent design behind the Ashley Duo Air yields a trim, attractive cover that pops open to reveal an integrated wedge of AC outlets and USB ports. Equipped with a cushioned, gas strut mechanism for discreet and dependable use, this Ashley Duo version opens and closes quiet as "air."

The durable metal bezel and cover are available in white, gray, and black. Additional customized colors can create a coordinated, upscale décor throughout your workspace.

REVEALING APPLICATIONS

The flexibility offered by the Ashley Duo Air's frame allows the power unit to be mounted where it's most accessible and looks best, whether it's embedded in a piece of furniture or on a vertical or horizontal surface.
