

BEAUTY **MEETS** POWER

The Ashley collection, manufactured by Group Dekko, is a thoughtfully designed line of electric products. Featuring Duo and Trio versions, each integrates seamlessly into worksurfaces, conference rooms, and soft seating to give workers the power they need, when they need it most.

The sharp, clean designs feature smooth receptacle faces, sleek satin metal trim, and port options for data. Group Dekko USB ports feature 2.1 amps, the fastest charging speed currently available.
