## CLEVER & QUIET CONFIDENCE

The intelligent design behind the Ashley Duo Air yields a trim, attractive cover that pops open to reveal an integrated wedge of AC outlets and USB ports. Equipped with a cushioned, gas strut mechanism for discreet and dependable use, this Ashley Duo™ version opens and closes quiet as “air.”

## ASHLEY DUO AIR™ PROVIDES:

### Pent-Up Power in Revealing Applications

The Ashley Duo Air™ combines steadfast power—available at the slightest touch — with hideaway capability to make the most of your workspaces and furniture.

The flexibility offered by the Ashley Duo Air’s frame allows the power unit to be mounted where it’s most accessible and looks best, whether it’s embedded in a piece of furniture or on a vertical or horizontal surface.

Each USB port utilizes a Smart Device Recognition Chip to monitor and independently deliver the required amperage to your devices — up to 2.1 amps each — and charge them in half the time it takes with similar products on the market.

The Ashley Duo Air™ is offered as a bezel mounting option and is UL 962A and UL 111 Listed.
