

YOUR INNOVATIVE
ELECTRICAL SOLUTION.

Ashley Quad™ Series

STU
DIO

BY DEKKO

Unleashed Power & Data

DISTINCTLY RESOURCEFUL

The Ashley Quad™ Series adds to the impression of your office space, giving you the flexibility to choose from a variety of standard colors and finishes. The durable metal frame is available in 3 classic finishes that coordinate with 7 standard plastic face options, including 4 bold statement colors.

ASHLEY QUAD™ SERIES PROVIDES:

Flair & Flexibility

The Ashley Quad™ exceeds your power and data needs by pairing balanced design and superior functionality.

The Quad features four AC outlets for high-power devices and dual 2.1 amp USB charging ports. Each USB port utilizes a Smart Device Recognition Chip to monitor and independently deliver the required amperage to your devices — up to 2.1 amps each — and charge them in half the time when compared to similar products on the market. It also features two data ports that accommodate your choice of HDMI, RJ45, RJ11, VGA or a blank insert. The AC outlets, USB and data ports are integrated within a single piece cover, resulting in fewer edge lines and a cleaner aesthetic that is sure to make an impression in any space.

The edge mount metal bracket and plastic face are available in classic White, Gray, and Black, while the fresh plastic tints include: Neon Red, Harvest Pumpkin, Blue Daisy, and Light Green. Additional custom plastic and/or color painted metal trim colors are available upon special order.

The Ashley Quad™ Series is available in clamp-on, under, or bezel mounting options and are UL962A and UL111 listed

ASHLEY QUAD™

FEATURES:

Applications

- Clamp-on
- Under-mount
- Bezel

Standard Metal Trim Finishes

- Silver 
- Black 
- White
