

COVE™ MINI SERIES

PRIMITIVE POWER

RETROFIT CAPABILITIES

Cove™ Mini is an integral power and charging component designed to easily retrofit into many manufacturers standard 3.27" x 1.9" cutouts. Some of these include Global, Total Office, Group Lacasse and Steelcase 9000 products. Spill resistant power receptacles and a unique "spill-safe" coating enclose the USB circuit board, protecting against electrical damage in the event of an unexpected spill. This special feature provides the worry-free freedom to mount the unit face up in surfaces. Round and rectangular faceplate's offer you multiple options for customizing your work surface.

COVE™ MINI SERIES

FEATURES:

Applications

Bezel / In-Surface

Standard Finishes

- Silver Pearl
- Gloss White
- Black
- Brushed Aluminum

Faceplate Options

- Round
