

COVE™ ROUND

MINIMALIST APPEAL

SMALL-BUT-MIGHTY POWER

Cove™ Round Series is a flush mount solution with a sleek round faceplate. Designed to seamlessly blend power and USB charging ports into a variety of applications, it can be easily integrated in anything from large benching and conference tables to smaller café and occasional tables. 2.1 Amp USB ports charge your favorite devices like mobile phones and tablets even while in use. Unique spill-resistant receptacles provide an added level of safety in high traffic or lounge areas more prone to spills.
