

COVE™ SERIES
FAMILY OF PRODUCTS

ULTIMATE POWER FAMILY

CRAFTED IN-SURFACE POWER

Ready to turn up the functionality of your space? Cove™ brings power, USB charging, and data capabilities to the places you need them most—desk, seating, collaborative spaces, you name it. Cove™ offers a variety of aesthetic styles, mounting options, and configurations to make retrofitting simple and to provide options that fit your taste. Under surface convenience outlets are designed for stationary lamps, computers, and monitors. That way you have more room for all your other devices.

COVE™ SERIES PROVIDES:

An All-Encompassing Power-Package

Strategically designed to be sleek in nature, Cove™ conquers any mountable application seamlessly. Its transformative essence turns any piece of soft-sided furniture or space into a dynamic work environment packed with the power, data, and charging essentials for today's modern worker.

Connectivity and Collaboration

As technology changes, so does the traditional work environment. Spark creativity by attracting people to open lounge spaces to power and recharge devices. Allow users additional opportunities to stay constantly connected with the fast paced world around them, while engaging in new multi-functional meeting and training areas.

ETL Listed for US and Canada

Diverse USB-Type Technologies

From traditional USB, to the latest Power-Delivery USB-C technology on the market, Cove™ covers all the charging bases to quickly charge any type of device.

Spill Resistant, Tamper Resistant & Convenience Receptacles

Protect against unexpected spills or foreign objects, and provide freedom to mount Cove™ face up without hesitation. Its rotated receptacle orientation maximizes the access of each unit accommodating large and small device plugs.

Convenience outlets are perfect for stationary accessories like lamps or monitors, which need minimal access. This allows optimal space to plug in mobile devices like laptops, tablets, and cell phones above the work surface where they are more easily accessible.
