

INTERFACE II UT

DOING DOUBLE- DUTY

BACK-TO-BACK COLLABORATIVE POWER

Interface II UT provides double the power and data compared to any of its Interface relatives, dominating any tabletop application for fully-loaded accommodations. Totalling eight power receptacles and eight cutouts for customizable telecom plates, an optional convenience receptacle on the underside of the unit adds extra utility power for stationary items like desk lighting. Interface II UT offers easy access from both sides of the conference table and contains access slots to allow the cables to exit the unit when in use.
