

**RUNABOUT**

# ULTIMATE PORTABLE POWER- HOUSE

## PORTABLE POWER & CHARGING HUB

Don't let its sleek proportions fool you. Runabout is big on convenience, flexibility, and versatility. How versatile? Try six 2.1A USB ports and three AC tamper-resistant receptacles in a single device. 360° work surface design gives several users instant access to power and data. Because the more solutions you bring to the table, the better.

## RUNABOUT PROVIDES:

### **Ergonomic 360 Degree Design**

Runabout offers convenience, versatility, and flexibility encompassed within its minimal footprint. The ergonomic 360° design allows multiple user access on the work surface and is a portable companion for mobile workers. A standard three prong plug brings connectivity to three 15 amp tamper resistant receptacles and six USB ports alternating on each of the six sides of the compact unit.

### **Tamper Resistant Receptacles**

Spring-loaded shutter mechanism keeps foreign objects out; adding an additional level of safety.

### **ETL Listed for US and Canada**

### **Ease of Installation for New or Retrofit Applications**

The Runabout is a standalone unit that can be easily added to new or retrofit applications without the need for cutouts in the furniture. Secure mounting options are also available.

### **On Trend & Innovative**

Its sleek 6.62" x 2.97" silhouette design comes in a range of colors offering designers eight colors from muted neutrals to bold brights. The Runabout serves as an intuitive power hub for all atmospheres connecting people to their technology.

### **Enhanced USB Charging Technology**

Upgraded 2.1A USB ports charge your devices quickly, allowing you to stay connected anywhere, anytime.
