

CONVENIENCE AT ITS FINEST

EASILY ACCESSIBLE POWER AND CHARGING

Don't go another second without your devices. Our Villa™ II Series gives you easy access to power, 2.1A USB charging, and data capabilities, both above and below the work surface. The Series includes below-surface outlets to supply stationary components like lamps, monitors, and computers. To make ordering simple, our DaisyLink™ Quick Kits have all the components needed to power standard table configurations. If your needs go beyond our standard packages, no problem. We'll help you build a custom option.
