POWER DELIVERY EXPLAINED:

USB-PD is a fast charging technology supported by the latest iOS / Apple & Android / Google devices, that deliver much higher levels of power than standard charging. See how our 60W products, SEC60 & COV60 power your latest devices.

YOU'LL NEED:

DEVICE

USB-PD-enabled smartphone or tablet

USB-C CABLE

USB-C cable acts as a universal cord between multiple devices

COV60 or SEC60

USB-PD enabled charging port

DELIVER EXACT CHARGING POWER REQUIRED

NEVER OVER-CHARGED

USB-PD charging port intuitively detects the connected device to deliver the right amount of power to charge that device as fast as possible. This ensures fast charging without exceeding the required power needed which could result in damage circuitry.
