DIO

BY DEKKO

Economical Appeal

BACK TO THE BASICS

With an unobtrusive half-moon design and small footprint, Mini-Adapt provides an economical yet visually appealing option for an edge mount power source for any surface.

The Mini-Adapt™ Power Tap works with Perimeter or as a stand-alone duplex power tap. With an elegant arched design and small footprint, it provides an economical, yet visually appealing, option for an edge mount power tap on any work surface.

The Mini-Adapt Power Tap is available in a clamp-on mounting option and is UL 962A and 111 Listed.
