DIO

BY DEKKO

Power Perfection

DYNAMIC STYLE

The Ashley Uno™ design adds to the impression of your office space, giving you the flexibility to choose from a variety of standard colors and finishes ranging from subtle and monochromatic to daring and unique.

ASHLEY UNO™ SERIES PROVIDES:**Discreet Power & USB Charging**

Power and style go hand-in-hand with Ashley Uno, a solution that offers an AC outlet for high-power devices along with dual 2.1 amp USB charging ports, each capable of charging devices in half the time of similar ports. This is due to Smart Device Recognition Chip technology that monitors and independently delivers the required amperage.

Ashley Uno is engineered with single-piece cover for an uncompromisingly clean aesthetic. Edge mount metal bracket and plastic face are available in White, Gray, and Black. Bolder face options include Neon Red, Harvest Pumpkin, Blue Daisy, and Light Green. Or, special order your own custom tint.

The Ashley Uno™ Series is both UL962A and UL111 listed.
