

VILLA II INSTALLATION

Components & Hardware

A) Villa II, Qty. 1

B) #8 x .75", Qty. 10

C) P-Clamp, Qty. 4

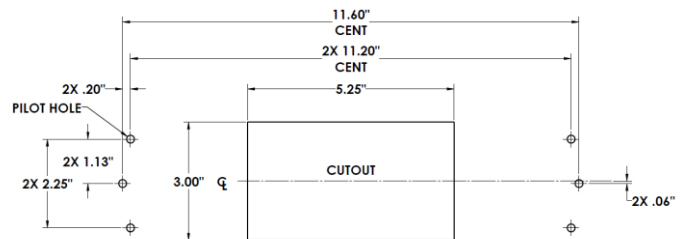

D) Stuffer Cap, (on select models)

Tools Needed

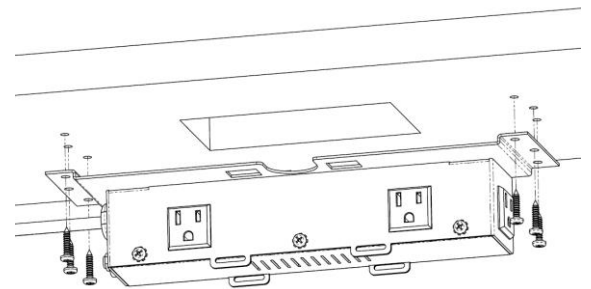

Note: *Take care not to pierce finished surfaces.

1- Locate and cut the hole for the Villa II. Prepare pilot holes as needed.*

2- Mount Villa II (A) beneath the cutout. Secure with screws (B)* and position as needed. Do not use provided screws on table thicknesses less than 1.00".

3- Connect all power and data cabling as needed.

Plug into an appropriate outlet that is properly installed and grounded in accordance with all local codes and regulations.
