

INTERFACE II SERIES

CORDED & HARDWIRED

FULLY LOADED, TECH-ENABLED WORKSPACE

DOMINATE COLLAB SPACES WITH DUAL ACCESS TO POWER & DATA

Interface II Series features eight power receptacles, eight cutouts for customizable telecom plates, an optional convenience receptacle on the underside for added utility power, so that, no matter the group size, all participants have the ability to plug-in and stay connected. Offered as in-surface and under table (UT) configurations, Interface II Series delivers dual-sided power and data capabilities - resulting in continuous collaboration and brainstorming.

FEATURES:

Mounting capabilities on following page...

UNIT SPECIFICATIONS:

- 15A/120V AC Receptacles
- 15A Circuit Breaker
- Convenience Outlet (*Available on Select Models*)
- Customizable Telecom Plate Knockouts (*Plates Purchased Separately*)
- Standard Cord and Hardwired Whip Lengths: 72", 108", 144" & 180"
- Fits Surface Thicknesses: 0.88" - 2.0"
- Fits Surface Cutout:
 - *In-Surface Model* - 13.62" x 11"
 - *UT Unit Model* - 13.75" - 11.12"
- ETL Listed for US and Canada

INTERFACE II UT TRIM & LID PIVOT KIT SPECIFICATIONS:

- For Use with Under Table (UT) Models Only
- Trim Pivot Kit Includes Brushed Aluminum Components for Lid Assembly
- Fits Standard Interface II UT Surface Cutout (*Listed in Specs Above*)
- Fits Surface Thicknesses: 0.75" - 2.0"
- Brushed Aluminum Lid - Must Be Used with Trim Pivot Kit (*Purchased Separately*)
 - Lid Thickness: 0.25"

Note: When using Interface II UT, the interior of the cutout is exposed. We suggest finishing external edge.

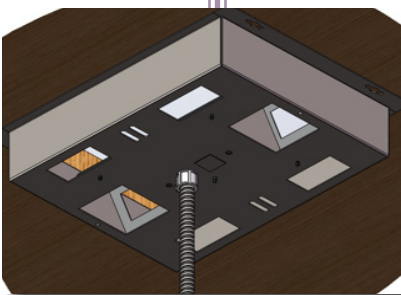

In-Surface/Bezel (Featured to the right) -

- Easily integrate Interface II tabletop unit directly into the surface cutout. This model comes standardly equipped with a hinged lid with brushed liner trim to prevent dust and debris from falling through the opening. The lid flips up for access and can remain open when in use, and provides a clean aesthetic when closed.

*Under Table (UT) (Featured to the left) -*

- As the name implies, Interface II UT secures to the underside of the application for a completely recessed finish. When paired with the optional Trim & Lid Pivot Kits, the brushed aluminum lids flip open and closed, providing easy access to integrated technology with additional cable management capabilities.

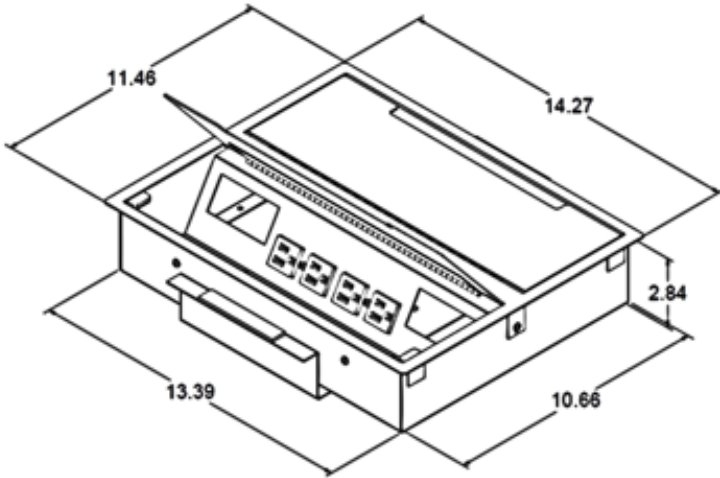

Looking for a customized finish? Fabricate your own lid (paired with the Trim Kit) to match your application for a flawless and cohesive aesthetic. *Note: Custom lids are not provided*
