# Striking Design Meets Powerful Technology

## STUDIO BY DEKKO'S EYE-CATCHING STAND-ALONE CHARGER

Luna is a power and charging solution that stands alone as a striking statement piece while providing a powerful surge of charging capability for all kinds of devices. The faceted circular form and proportion invite a tactile experience. Refined details, including a mesmerizing metal accent, evoke a sense of luxury designed for myriad hospitality and workplace environments. Born from the idea of exploration and craft, Luna's intentional freestanding design provides a humanistic counterbalance to the technology inside.

**LUNA PROVIDES:****Power-Delivery Technology**

Embedded within the ergonomically sleek composition, Luna comes equipped with one USB-A port and one intelligent Power-Delivery USB-C® port — offering the fastest possible charging speed and power permitted for today's devices. The 60-watt power allows for laptops to be charged by simply connecting with a USB-C® charging cable, discarding the need for large laptop bricks.

**Dynamic Movement**

This small yet powerful product can charge larger devices at a single point of relocatable power access for multiple users, for environments that are flexible in design and use. Hotel lobbies, private offices, and home offices are just some of the settings that make an ideal backdrop for Luna.

**Safety**

Both USB charging technologies have short circuit, overcharge, and over-current protection to ensure optimal safety when it comes to your devices.

**FEATURES:**

**Applications**

Free-Standing

**Standard Finishes**

*(Plastic Housing with Metal Trim Accent)*

White/Silver   
 Navy/Brass 

**Specifications**

- 2.4A/5V/12W USB Charging Port
- 3A/5V-20V/60W USB-C PD Charging Port
- AC Power Supply - Includes 5' DC Connector with 6' AC Molded Straight-Plug Cord
  - » Output Power Supply: 20V DC
  - » Input Power Supply Requirement: 110/120V AC
- UL 1310 Listed
- RoHS Compliant
- Individually Retail Packaged

**Dimensions**

- Luna Unit: 3.75" Width x 2.14" Height
- Packaging: 8" Length x 5" Width x 4.30" Height
