MODULAR CONNECTIVITY FOR CONFERENCING APPLICATIONS

Don't be fooled. Reef offers a lot more than what meets the eye. Concealed in a tucked away compartment lies accessible power, data and customizable telecom options perfect for collaborative spaces. And with the 4 Wire 2 Circuit DaisyLink System, you can link together multiple units across a multitude of work surfaces from one power infeed for streamlined integration.

In-Surface/Bezel (Featured to the right) -

- Easily integrate Reef directly into the surface cut-out. This model comes standardly equipped with a clever retractable lid that keeps wires and cables organized and out of sight. When closed, the unit sits nearly flush to the surface for an overall aesthetic finish.
