

VILLA™ AV SERIES DAISYLINK™

DELIVERING AUDIO VISUAL ESSENTIALS

DAISY-CHAIN CONNECTIVITY

Daisylink™ extends a/v capabilities across conferencing applications when paired with Villa AV. The non-sequential 4 wire 2 circuit electrical system allow units to daisy-chain in any arrangement - from a single infeed. Seamless power and a/v components are visibly accessed at surface level while modular interconnecting cables are concealed on the underside in an organized assembly.
