PERISCOPE

Surface Mounting Installation Instruction

A Furniture Power Distribution Unit is not for permanent installation as part of the building structure and not for mounting in a permanently installed furnishing such as a fixed countertop.

This device complies with part 15A of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Tools Required

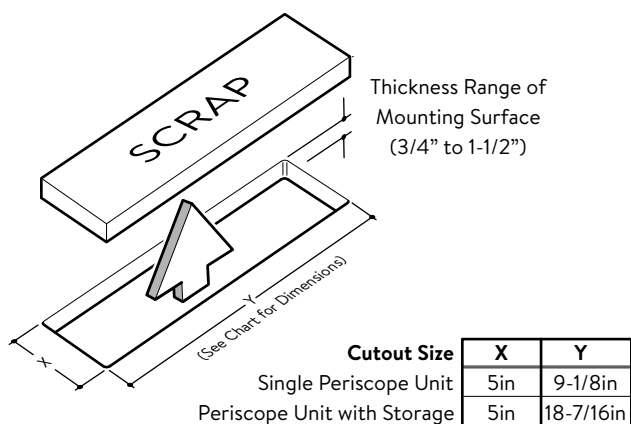

1

Cutout Opening for Periscope Assembly

* NOTE *

Periscope is available in two sizes so double check measurements before cutting the appropriate sized hole.
(Max Radius on Cutout Corners is 1/4in)

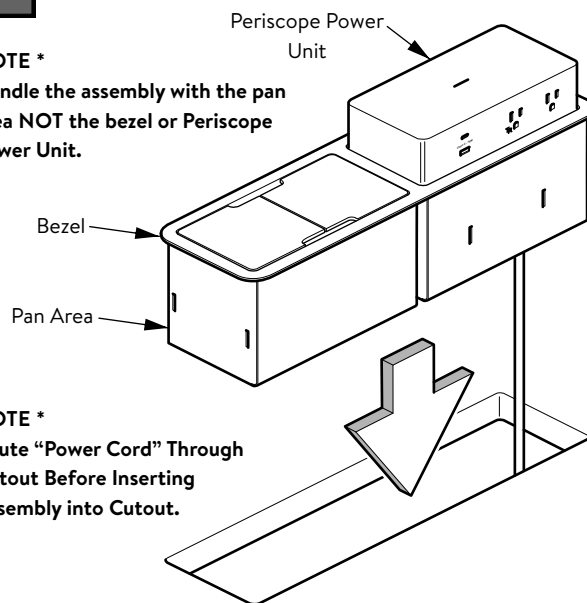

2

Install Periscope Assembly into Cutout

* NOTE *

Handle the assembly with the pan area NOT the bezel or Periscope Power Unit.

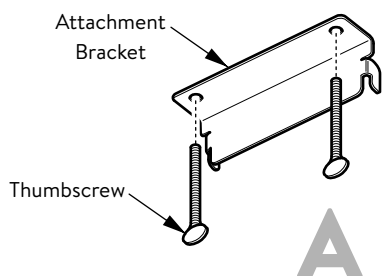

* NOTE *

Route "Power Cord" Through Cutout Before Inserting Assembly into Cutout.

3A

Install Supplied Thumbscrews into Attachment Brackets as Shown

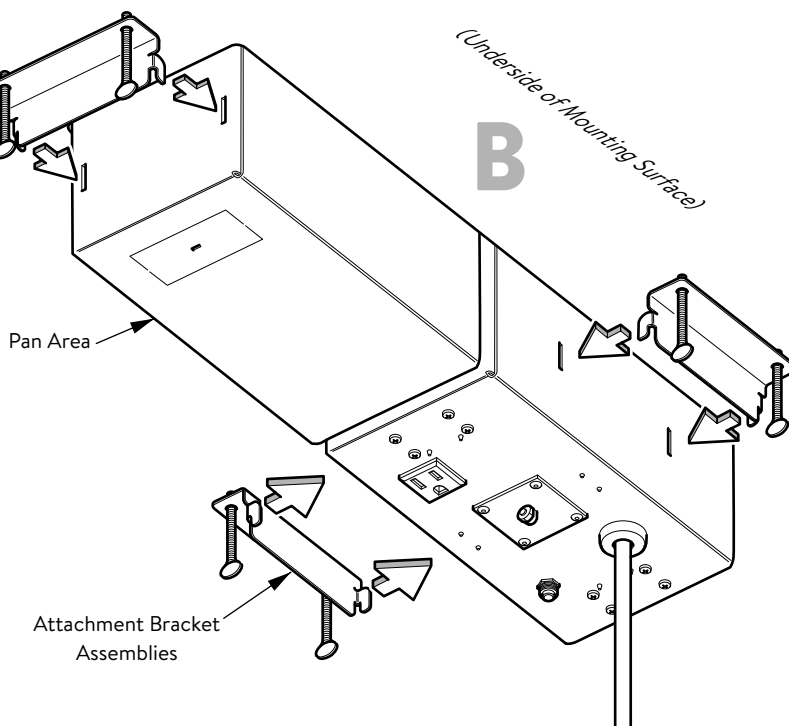

* NOTE *

Thumbscrews get mounted to the under side of the Attachment Brackets.

3B

Install Attachment Bracket Assemblies into the Provided Slots in the Pan Area
